

Using Nook Color as an E-Reader – 3/25/16

Barnes and Noble has discontinued their Nook store and patrons no longer have the ability to download new apps to their device. **If you already have the Cloud Library app it will continue to work for now.**

If you don't have the app, you can use your Nook Color to read Cloud Library as an e-reader and transfer your books to the device with Cloud Library PC app

(<http://ebookdownload.3m.com/apps/pc/DownloadPCApp.html>). You will NOT use the 3M Cloud Library app to read these books.

Please follow the instructions below to use your Nook Color as an e-reader.

1. Turn on your device *before* connecting to your computer. Connect the device to your computer with a USB cable.
2. Transfer the titles to the device using the Cloud Library PC app. For instructions on transferring the titles see <http://www.bcpl.info/sites/default/files/images/find-materials/pdf/find-materials-downloadables-ebooks-3m-pc-app-and-ereaders-nook-and-kobo-2013-8.pdf>
3. Eject the Nook Color from the computer. You're ready to read your books
4. Log on to the Nook and tap the home button 
5. Tap on **library** in the home menu 
6. Tap on **My stuff** and choose **My Files** from the drop down menu

7. The titles you transferred to the device will be listed here. Tap on the title to open the book.
